Power My Home - Vision Energy Solutions

Our off-grid home solar systems are professionally designed to meet the most common power requirements with two days backup energy storage. From the basic essentials, such as lights and a small refrigerator, to a house filled with modern electronics, we have pre-designed packages that fit all needs and budgets.

Clay Energy

Clay Energy was established in 1998 providing off-grid solar, wind, and micro-hydro systems for rural homes and communities in Fiji. In May 2002 Clay Energy commissioned the first off-grid solar base station power system for Vodafone Fiji, which led to the rollout of these power systems to six mobile operators in the region.
