

Ageto energy Antarctica

Ageto energy Antarctica

Microgrid and behind-the-meter solar expertise

Ageto Energy was founded to simplify the task of integrating renewable energy into power systems. Our team has extensive experience in power management, renewable energy, ...

Generac Acquires Ageto, Strengthening Microgrid and Energy ...

Energy technology solutions provider Generac has acquired Ageto, a leading provider of microgrid controllers that integrate, optimize and manage distributed conventional ...

Generac Strengthens Microgrid and Energy Storage Solutions with

Generac has worked with Ageto since 2021, incorporating their microgrid controllers into Generac's Battery Energy Storage Systems (BESS) solutions and generator sets. Ageto's microgrid controller helps enable users to coordinate, optimize, and monitor all components of their microgrid from one simple interface.

Generac Power Systems Acquires Ageto to Advance Microgrid and ...

Generac Power Systems, a global designer, manufacturer, and provider of energy technology

solutions and other power products, has acquired Ageto, a provider of ...

Generac Strengthens Microgrid and Energy Storage ...

Generac has worked with Ageto since 2021, incorporating their microgrid controllers into Generac's Battery Energy Storage Systems (BESS) solutions and generator sets. Ageto's microgrid controller helps enable users to coordinate, ...

Shungnak, Alaska, unveils one of the state's first ...

The Shungnak microgrid features a 233-kilowatt (kW) solar photovoltaic (PV) system, 384-kilowatt hours (kWh) of battery storage using lithium ferrous phosphate batteries, three generators and a control system ...

Microgrid and behind-the-meter solar expertise

Ageto Energy was founded to simplify the task of integrating renewable energy into power systems. Our team has extensive experience in power management, renewable energy, microgrids, and SCADA. We are uniquely positioned to bridge the divide between renewable power technologies and conventional power generation.

Ageto Energy

Leveraging off-the-shelf SCADA software and industrial hardware, ARC is a complete microgrid control solution that is inherently reliable and robust. ARC coordinates and dispatches the various energy resources available in the microgrid to maximize renewable energy penetration while ensuring a stable and resilient power system.

Shungnak, Alaska, unveils one of the state's first microgrids with

The Shungnak microgrid features a 233-kilowatt (kW) solar photovoltaic (PV) system, 384-kilowatt hours (kWh) of battery storage using lithium ferrous phosphate batteries, three generators and a control system designed and managed by Ageto Energy.

Generac Strengthens Microgrid and Energy Storage Solutions with

Ageto's microgrid controller helps enable users to coordinate, optimize, and monitor all components of their microgrid from one simple interface.

Generac Acquires Ageto, Strengthening Microgrid and Energy

...

Energy technology solutions provider Generac has acquired Ageto, a leading provider of microgrid controllers that integrate, optimize and manage distributed conventional resources, renewable energy resources and electric vehicle chargers in the commercial & industrial (C& I)

market.

Generac Power Systems Acquires Ageto to Advance Microgrid and Energy ...

Generac Power Systems, a global designer, manufacturer, and provider of energy technology solutions and other power products, has acquired Ageto, a provider of microgrid controllers that integrate, optimize, and manage distributed conventional resources, renewable energy resources, and electric vehicle (EV) chargers in the commercial and
