Bringing Flow to the Battery World (II)

The leading original equipment manufacturers (OEMs) of the RFB energy storage systems are Rongke Power, Sumitomo, Invinity, CellCube, Redflow and ESS. The total installed capacity of RFBs is approximately 1000 MWh. In comparison, the deployment of LIBs had reached 2,800,000 MWh by May 2023.

CellCube

CellCube specializes in advanced energy storage solutions and operates within the energy sector. The company offers vanadium redox flow batteries designed for long-duration discharge, suitable for commercial, industrial, and utility applications.
