

Anguilla my soul solar

Anguilla my soul solar

Solar PV is the only answer to Anguilla's energy based economic

Anguilla has twice to three times as much sun. Calculate solar's cost and benefit as $2 \times 4 \times 3 = 24$ and you can see that installing solar in Anguilla is 24 times as viable as the UK. This formula works just as well for Germany or any northern location. Anguilla has an amazingly affordable resource in Solar. Comparisons with other Caribbean

Anguilla Electricity Company, 1.4 Mw Solar Farm, Installed 2016

This expensive, wildly fluctuating priced power is also extremely unclean with significant carbon emissions. Add to that, the fact that the region receives roughly 35% more sunlight per annum, and it you have the perfect formula for the adoption of solar power.
