## Currents of Change

the banking system of Bangladesh is not really renewable energy friendly. Rather, foreign long-term loans with low interest rates are more feasible for investing in the renewable energy in Bangladesh. Another limitation is land availability, as Bangladesh has not much of arable land, we cannot over utilise the existing arable lands of Bangladesh.

## Energi i Bangladesh , Rafiki

Energi i Bangladesh. Regeringen i Bangladesh jobbar för att alla i landet ska få el. Idag har hälften av alla hushåll tillgång till ett elnät som de kan köpa el ifrån. Andra har ingen el eller får skaffa el på annat sätt. Där Alphona bor finns inget elnät. Hon bor på en av öarna i floden Yamuna som ofta översvämmas.
