Global Solar Atlas

Specifically for Benin, country factsheet has been elaborated, including the information on solar resource and PV power potential country statistics, seasonal electricity generation variations, LCOE estimates and cross-correlation with the relevant socio-economic indicators.

SunCalc

SunCalc shows the movement of the sun and sunlight-phase for a certain day at a certain place.. You can change the suns positions for sunrise, selected time and sunset see. The thin yellow-colored curve shows the trajectory of the sun, the yellow deposit shows the variation of the path of the sun throughout the year.

Sun Earth Tools

Sun Earth Tools - posted in Solar Observing and Imaging: Howdy, Dont know if you have seen this before, but I am finding this rather useful for Solar. Simply use the map to find and click over your house and hit execute at right and it will bring up heaps of data relevant to your site. You can even map your horizon for trees etc. I found it useful as the 3 storey block ...

Global Solar Atlas

The Global Solar Atlas provides a summary of solar power potential and solar resources globally. It is provided by the World Bank Group as a free service to governments, developers and the general public, and allows users to quickly obtain data and carry out a simple electricity output calculation for any location covered by the solar resource database.
