## Benning world class power solutions Andorra

---

### The Company Das Unternehmen

BENNING is known worldwide as a "quality leader" for reliable and efficient power supplies for the Telecommunications, Industrial, Medical and IT industries. The Product Range The product range includes test and measurement products, rectifier ...

### World Class Power Solutions

BENNING World Class Power Solutions 3 INVERTRONIC with static bypass an uninterruptible power supply Function The static inverter not only has the task of supplying the connected consumers continuously and without interruption, but beyond that to also provide a clear improvement of the voltage and frequency quality in relation to the normal

## Excellent Technology, Efficiency and Quality

continuous DC power with high availability for mission critical loads. The ADC rectifier line consists of 300 W and 600 W power modules with DC output voltages of 12 V, 24 V, 48 V, or 60 V. The 600 W module is also available with 108 V (110 V) DC output. Two 108 V modules in serial connection allow the de-sign of DC systems with 216 V (220 V).
