BYD Battery-Box Premium Quick Start Guide

The battery system is for residential and works with a photovoltaic system. It is a 48V Li-ion battery storage system, with the control module on itself. It could be operated in on-grid mode with compatible inverters. The system should be operated together with Battery-Box Premium LV BMU. The overall system

Eft-Systems

As the official European partner of BYD BatteryBox since its launch in 2015, EFT (Energy For Tomorrow) is at the forefront of the energy transition. Being the primary contact point for all BatteryBox installers in Europe, we are there every step of the way, from the first installation to the product's end-of-life. We provide unparalleled support,
