**** UPDATE**Signature Solar Disappoints**

So finally I got my EG4 18kpv installed. Had my electrician do the final wiring to the electrical panel. CTs that came with the unit were damaged and to their credit, Signature Solar sent those right out and a few days later I started up my system. It seemed to be working as intended, and we left town for Thanksgiving.

My Signature Solar Experience (not good) , DIY

I built my whole solar system around using the 5000 ES, and Signature Solar claim to be the only people to sell the US model (which I need). Anyway, I hope my experience helps improve the customer service at Signature Solar.

Signature Solar : r/SolarDIY

Recently bought an off grid Growatt 3000 watt 24v from signature Solar. Immediately didn't work out of the box. Tried working with Signature Solar tech support and they absolutely suck!

Anyone else find this sort of add deceptive and misleading?

Signature solar sort of specializes in affordable battery systems, both grid tied and off grid. They're a hell of a lot cheaper per KWh of storage than any of the industry big names. They're fairly new to the inverter game but growing fast.

signaturesolar Reviews: Is this site a scam or legit?

Signature Solar provides solar panels & components and full kits for off-grid, grid-tie and custom diy solar systems. Providing Solar 101 and hands on experience within the solar industry. Quality inverters, bifacial solar panels, complete solar kits, solar batteries.

Signature Solar Review -30k spent in last year

Here is a my run down of my signature solar experiences. I ordered roughly 17k worth of solar panels and batteries from them last march. The order was straight forward, shipment took place shortly after I placed the order. The panels and batteries arrived undamaged and packed well.

I hate Signature Solar. They sent me a broken shunt and won't

Signature solar honors warranties when they feel like it. Btw I mentioned this in another comment above, but they delete negative reviews you leave on their page also. I left a 1 star after their eg46500ex inverters made my lights strobe like a disco hall. I had to return them on my own dime, 40% restocking fee. Lost about \$1k. Don't buy from

Run from Signature Solar!!!

I certainly wish I had read reviews before I wasted days placing an order with Signature Solar. My problems with this company mirror everyone else's. The problems everyone is having with this company are very consistent. It all boils down to ...
