Constant power solutions China

CONSTANT POWER SERVICES LIMITED ,

From 700VA through to 800kVA Uninterruptible power supplies, containerised 252kw units for hire or purchase, to generators and switchgear, our turnkey offers and solutions are tailored to your

Constant Power Services

Constant Power Services is a manufacturer of electronic products. It offers UPS, static transfer switches, diesel generators, low voltage switchgear, battery replacements, and other products. The company also provides battery testing and replacement, project management, preventive maintenance, and services.

Our Solutions

Re-gas and decompressed equipment are installed at the power plants to convert the compressed gas to a gaseous form in accordance to the operating requirements of the power plant. The CNG solution enables wider usage of efficient, cleaner, reliable and affordable electricity generation.

Home

Our solutions are designed to deliver affordable and reliable electric power using Piped Gas (PG), Liquefied Natural Gas (LNG), Compressed Natural Gas (CNG) or Liquefied Petroleum Gas (LPG) by deployment of modular gas engines/turbines to

customer locations.

Constant Power Solutions

Constant power Solutions is a manufacturer and supplier of bespoke power solutions, proudly based in Selby, North Yorkshire. At CPS, we specialise in the design, manufacture, and distribution of custom-built diesel and gas-powered generators, alongside a comprehensive range of associated accessories.
