

El Salvador enerbrain srl

El Salvador enerbrain srl

Enerbrain s.r.l.

Due to a scalable "plug& play" kit of devices, that can be easily installed in every building, Enerbrain allows its client to fine-tune energy usage in real time, allowing 30% (av.) operational savings, without any drastic changes or replacements to the existing HVAC (heating, ventilating, and air conditioning) system.

Enerbrain Company Profile

Enerbrain is a company offering energy-saving solutions for non-residential buildings. Its system provides the application of plug and play sensors in the building and a device to act to regulate in real-time ventilation, heating, and cooling based on the reference parameters: outdoor and indoor temperature, relative humidity, CO2, and
