El mundo solar Afghanistan

Solarization initiative is crucial step towards addressing Afghanistan

According to UNDP, solarization initiative is a crucial step towards addressing Afghanistan's energy challenges. Meanwhile, officials from some governmental hospitals and clinics say that the lack of electricity in health centers threatens the lives of patients.

Solar Empowers Rural Afghanistan

Our program provided over 10,000 solar lanterns for different nomadic tribal people in Afghanistan. This included over 1,700 solar lanterns in Badakshan. These small systems are used to assist rural nomads in Afghanistan with basic LED light to replace kerosene lamps and to provide an option for mobile phone charging.
