

Empo ni off grid solutions Colombia

Empo ni off grid solutions Colombia

Desalination with solar energy, off-grid, village,

Off-grid with Solar Direct Drive: no operating costs, clean energy, no noise pollution. Simplified system: no extra controller/battery system necessary (mitigating the risk of costly repairs and ...

EMPO-NI gets Paygo-empowered through PaygOps Flexible ...

We're pleased to announce that EMPO-NI 's Solar Direct Drive (SDD), the photovoltaic (PV) solar-powered motor drive solution engineered by the innovative German ...

EMPO-NI off-grid solutions for productive use

EMPO-NI develops standard and customized off-grid solutions. Our experienced engineering team has large expertise in power electronics, control techniques, DSP FPGA and software ...

EMPO-NI off-grid solutions for productive use

EMPO-NI develops standard and customized off-grid solutions. Our experienced engineering team has large expertise in power electronics, control techniques, DSP FPGA and software

engineering as well as analogue and digital circuitry using latest CAD, simulation and rapid prototyping toolchains.

Emponi Profile

Emponi develops equipment for standard off-grid applications as well as custom designs. Our engineering team creates mathematical models, programs microcontroller and develops digital, analogue and power electronics circuits.

EMPO-NI Off-grid Solutions

EMPO-NI off-grid solutions was founded in 2008 in Düsseldorf and is specialized in the development construction and production of Solar Direct Drives and battery charge controllers for off-grid applications.

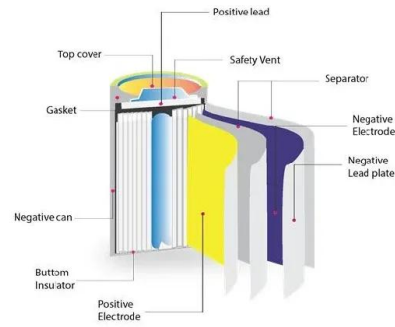

EMPO-NI gets Paygo-empowered through PayOps Flexible Solutions

We're pleased to announce that EMPO-NI 's Solar Direct Drive (SDD), the photovoltaic (PV) solar-powered motor drive solution engineered by the innovative German manufacturer of off-grid solutions for productive use, now incorporates Paygo capabilities via PayOps, the interoperable and flexible last-mile management software by Solaris Offgrid

EMPO-NI Off-grid Solutions

EMPO-NI off-grid solutions was founded in 2008 in Düsseldorf and is specialized in the development construction and production of Solar Direct Drives and battery charge controllers ...

Desalination with solar energy, off-grid, village,

Off-grid with Solar Direct Drive: no operating costs, clean energy, no noise pollution. Simplified system: no extra controller/battery system necessary (mitigating the risk of costly repairs and system down-time) Easy transport and installation Cost-Saving: Produce fresh water on site. Go green: CO2-free water production
