---

### Home

Saman Energy Co. began operations 25 years ago and has since become a prominent player in Iran's large industrial complexes, providing engineering consulting, workshop supervision, energy management and optimization, and ...

### Energy in Iran

Iran is one of the most energy-intensive economies of the world, with per capita energy consumption 15 times that of Japan and 10 times that of European Union. Also due to huge energy subsidies, Iran is one of the most energy inefficient countries of the world, with the energy intensity three times higher than global average and 2.5 times the
