Energy solar solutions St Vincent and Grenadines

ST. VINCENT AND THE GRENADINES

This is the Energy Report Card (ERC) for 2022 for St. Vincent and the Grenadines. The ERC provides an overview of the energy sector performance, highlighting the following areas:

- o Installed Conventional and Renewable Power Generation Capacity
- o Annual Electricity Generation, from Conventional and Renewable Plants

Mayreau solar project in final stage

The Mayreau Microgrid Solar Project is in its final stage, which is the testing and commissioning of the solar photovoltaic (PV) and Battery Storage system. St. Vincent Electricity Services Limited (VINLEC) and the Rocky ...

VINLEC Solar PV system on Union Island by month end

A photovoltaic system will be added to the generation mix on Union Island in keeping with a mandate by the Government of St Vincent and the Grenadines (SVG) and St Vincent Electricity Services Limited (VINLEC) to increase the penetration of renewable energy in the production of electricity.

VINLEC Solar PV system on Union Island by month end

A photovoltaic system will be added to the

generation mix on Union Island in keeping with a mandate by the Government of St Vincent and the Grenadines (SVG) and St Vincent Electricity Services Limited (VINLEC) to ...

Solife Solar - Solar Energy for the Eastern Caribbean

Welcome to Solife Solar, your local one stop shop for all your solar needs. We have been providing various commercial and residential solar solutions to the region since 2011. Our smart solution system will help to zero your bill and ...

About Us

Solife Inc. is a privately held EPC company located in St. Vincent and the Grenadines. We have been in operation since 2011 and have completed 3.8 MW of solar system installations on the island, and have consulted/assessed over ...

INTEGRATED DESIGN

EASY TO TRANSPORT AND INSTALL,
FLEXIBLE DEPLOYMENT

About Us

Solife Inc. is a privately held EPC company located in St. Vincent and the Grenadines. We have been in operation since 2011 and have completed 3.8 MW of solar system installations on the island, and have consulted/assessed over 40 MW of Solar systems regionally.

Mayreau solar project in final stage

The Mayreau Microgrid Solar Project is in its final stage, which is the testing and commissioning of the solar photovoltaic (PV) and Battery Storage system. St. Vincent Electricity Services Limited (VINLEC) and the Rocky Mountain Institute - Carbon War Room (RMI-CWR) partnered on this initiative which introduced renewable energy for electricity

Commissioning Of US\$3 Million Solar PV And Battery ...

The Commissioning of the Union Island Solar PV and Battery Energy Storage System on Monday 25th March 2019 has been hailed as a significant milestone in the energy sector of Saint Vincent and the Grenadines.

Solife Solar - Solar Energy for the Eastern Caribbean

Welcome to Solife Solar, your local one stop shop for all your solar needs. We have been providing various commercial and residential solar solutions to the region since 2011. Our smart solution system will help to zero your bill and save you thousands of dollars for years to come.

Commissioning Of US\$3 Million Solar PV And Battery Energy ...

The Commissioning of the Union Island Solar PV and Battery Energy Storage System on Monday 25th March 2019 has been hailed as a significant milestone in the energy sector of Saint Vincent and the Grenadines.

600 Kilowatt Solar PV system commissioned on Union ...

The Commissioning of the Union Island Solar PV and Battery Energy Storage System on March 25, has been hailed as a significant milestone in the energy sector of St Vincent and the Grenadines. Officials and ...

Solar supported on St Vincent and the Grenadines

The Caribbean Development Bank has approved financing of \$8.6 million to St Vincent Electricity Services Ltd (Vinlec) for the supply and installation of solar photovoltaic (PV) systems at company buildings in the ...

St Vincent & Granedines1

Saint Vincent and Grenadines receives high levels of solar irradiation (GHI) of 5.2 kWh/m2/day and specific yield 4.3 kWh/kWp/day indicating strong technical feasibility for solar in the country.3 In 2021, 26.67% of the country's power demand was met through renewable sources.4

600 Kilowatt Solar PV system commissioned on Union Island

The Commissioning of the Union Island Solar PV and Battery Energy Storage System on March 25, has been hailed as a significant milestone in the energy sector of St Vincent and the Grenadines. Officials and stakeholders involved in the local energy sector have said this project is a game changer which is expected to bring numerous benefits

Solar supported on St Vincent and the Grenadines

The Caribbean Development Bank has approved financing of \$8.6 million to St Vincent Electricity Services Ltd (Vinlec) for the supply and installation of solar photovoltaic (PV) systems at company buildings in the vicinity of the Argyle International Airport.
