### Wärtsilä and Aqualectra partner to support Curaçao's ...

Earlier this year, Aqualectra placed an order with Wärtsilä for a Battery Energy Storage System (BESS), as well as Wärtsilä's GEMS Digital Energy Platform. The combined system will enable the expansion of renewable energy capacity, representing an important step towards a sustainable energy future for the island.

### Wärtsilä to supply Caribbean island of Curaçao with 25 MWh BESS

Technology group Wärtsilä is to supply the Caribbean island of Curaçao with a 25 MW / 25 MWh battery energy storage system (BESS). The order was placed by Aqualectra, Curaçao's government owned utilities company.

### Revolutionizing Energy Management for Curaçao

The implementation of a Battery Energy Storage System will allow Curaçao to collect energy from renewable sources such as wind and solar energy and store it using advanced battery storage technologies. This stored energy can be released to mitigate the intermittency of wind power and ensure grid stability.

### Revolutionizing Energy Management for Curaçao

The implementation of a Battery Energy Storage

System will allow Curaçao to collect energy from renewable sources such as wind and solar energy and store it using advanced battery storage technologies. This stored ...

## Island of Curaçao to install 25 MWh BESS

The Caribbean island of Curaçao is to install a 25 MW/25 MWh battery energy storage system (BESS) supplied by Wärtsilä. The system will enable the expansion of renewable energy capacity and the reduction of carbon emissions, representing an important step towards a sustainable energy future for the island.

## Wärtsilä to supply Curaçao with BESS , Energy Global

Technology group, Wärtsilä, will supply the Caribbean island of Curaçao with a 25 MW/25 MWh battery energy storage system (BESS). The system will enable the expansion of renewable energy capacity and the reduction of carbon emissions, representing an important step towards a sustainable energy future for the island.

## Curaçao takes important step towards a sustainable energy future

...

Technology group Wärtsilä will supply the Caribbean island of Curaçao with a 25 MW / 25 MWh Battery Energy Storage System (BESS). The system will enable the expansion of renewable

energy capacity and the reduction of carbon emissions, representing an important step towards a sustainable energy future for the island.

### Curaçao Takes Significant Step Toward Sustainable Energy

Wärtsilä, a global technology group, will provide Curaçao with a 25 MW / 25 MWh Battery Energy Storage System (BESS) to expand renewable energy capacity and reduce carbon emissions. This development marks a crucial move towards a sustainable energy future for the Caribbean island.

### High Voltage Solar Battery

### Aqualectra and Wärtsilä partner on battery energy storage system in Curaçao

Aqualectra and Wärtsilä have taken a significant step towards a sustainable energy future for Curaçao by the signing of a battery energy storage system agreement. The landmark agreement aims to relook energy management in Curaçao by 2030 and ensure reliable, affordable and sustainable energy for the island.

### Wartsila to supply 25-MW BESS to Curacao utility , Energy Storage ...

Finnish technology group Wartsila Corp said on Monday that it will supply a 25-MW/25-MWh battery energy storage system (BESS) to a utility in the Caribbean island of Curacao.
