Renewable Energy In Switzerland: What You Should Know

Switzerland has seen a significant surge in renewable energies such as ambient heat, biomass, wind, and solar power since 2005. Currently, the country's electricity production is almost carbon-free. Roughly 56% of Switzerland's electricity comes from fully renewable hydropower supply, 35% from nuclear power plants, 3% from fossil fuels, and the

50KW modular power converter

EVELO Reviews

EVELO Electric Bicycle Company was launched in 2011. Featuring a line of electric bikes equipped with a patented mid-drive motor and a unique NuVinci N360 internal drivetrain, which makes shifting gears easy and smooth.

Evelo Review: Are These Electric Bicycles Any Good?

Bikes like the Evelo Galaxy SL have been

designed specifically for shorter riders, whilst the Evelo Dash is a folding electric bike, that's been made to be easier to lift. The Evelo Omega, the brands flagship model, is a top-end electric city bike, with in mid-drive motor, integrated battery and even automatic gear shifting.
