Fonto Power

Fonto Power is the developer of a revolutionary AI-powered green energy generation management system. The system is based on a high-efficiency solid-oxide fuel cell (SOFC) system combined with behind-the-meter rechargeable batteries and advanced software and algorithms that determine the optimal mix of SOFC energy generation, on-site energy

Fonto Power , Details , Darcy Partners

Fonto Power is the developer of a revolutionary AI-powered green energy generation management system. The system is based on a

solid-oxide fuel cell system combined with behind-the-meter rechargeable batteries and advanced software and algorithms.
