There are several things to consider when choosing car batteries. Firstly, you'll need to buy a battery that has fitment compatible with your vehicle, so make sure you understand your .....

## What's a reasonable quote for a Franklin WH battery? Is

A franklin battery, depending on the size, will run \$11-13k. The apower is built into the battery most of the time (and included in the battery cost). The Agate runs \$1500-2500 depending on the model. So material costs for a Franklin battery should run around \$12.5-15.5k.
