### **Voltalia deploys 10.6MWh BESS at Sable Blanc solar-storage ...**

French RE developer Voltalia has recently announced the commissioning of its Sable Blanc power plant combining solar photovoltaic production and battery energy storage in French Guiana. Developed entirely by the company, the hybrid project is claimed to benefit from a guaranteed sales price for 20 years.

### **ESB launches 150MW/300MWh Irish BESS**

The Poolbeg site, the location of ESB's 75MW BESS, is pegged to host a combination of clean energy technologies, including offshore wind, hydrogen, and battery storage, over the coming decade. Both Ireland and Northern Ireland have set the target of generating 80% of the nations' electricity from renewable sources.

### **ESB opens Ireland's largest battery storage facility**

Renewable developer and IPP TagEnergy will soon start construction on the largest BESS project in France, a 240MW/480MWh project with Tesla providing BESS and EPC services.

### **Voltalia commissions solar-plus-storage project on French Guiana ...**

French renewable energy company Voltalia has

completed the expansion of a renewable energy plant in French Guiana, adding a battery energy storage system (BESS) of 10.6MWh.

### **Ireland utility-scale energy storage to exceed 1.5GWh ...**

A 75MW/150MWh BESS project in Poolbeg, in the Republic of Ireland's capital Dublin. It was inaugurated earlier this year and is owned by ESB Network's parent group ESB. Image: ESB. The energy storage market in ...

### **Ireland utility-scale energy storage to exceed 1.5GWh in 2025**

A 75MW/150MWh BESS project in Poolbeg, in the Republic of Ireland's capital Dublin. It was inaugurated earlier this year and is owned by ESB Network's parent group ESB. Image: ESB. The energy storage market in Ireland continues to show strong growth potential.

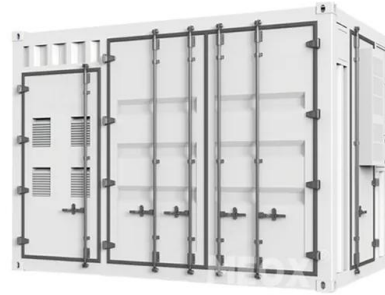

### **Delivery of France's largest battery energy storage system**

The brand new 10MW/11.3MWh battery energy storage system (BESS) is shipped today from Entech smart energies facilities to its sunny French Guiana final destination. Entech smart energies is extremely proud to have been selected by Voltalia to deliver what is known today as the French largest battery storage system.

## **Voltalia commissions solar-plus-storage project on ...**

French Guiana is an overseas department of France, located on the northeast coast of South America. The Sable Blanc BESS will timeshift the solar PV to the evening once production tails off under a 20-year tariff ...

French renewable energy company Voltalia has completed the expansion of a renewable energy plant in French Guiana, adding a battery energy storage system (BESS) of 10.6MWh. The Paris-listed company announced ...

## **Voltalia commissions solar-plus-storage project on French Guiana ...**

French Guiana is an overseas department of France, located on the northeast coast of South America. The Sable Blanc BESS will timeshift the solar PV to the evening once production tails off under a 20-year tariff agreement and will replace diesel generator capacity.

## Fluence and Irish state-owned power group ESB develop next ...

The 75MW/150MWh battery in Poolbeg is to be the EU's largest battery energy storage system (BESS) project by energy capacity, the companies said. A second 30MW/60MWh asset is also to be developed at South Wall, with both batteries to be developed at ...

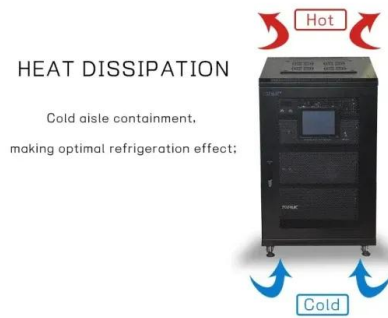

## Voltalia turns on 10.6MWh battery storage in French Guiana

French renewable energy company Voltalia has completed the expansion of a renewable energy plant in French Guiana, adding a battery energy storage system (BESS) of 10.6MWh. The Paris-listed company announced the commissioning of the Sable Blanc solar-plus-storage project yesterday (10 May).

## Utility ESB inaugurates Fluence 19MW BESS in Ireland

State-owned Irish electric utility ESB has opened a 19MW/38MWh battery energy storage system (BESS) in Aghada, County Cork, provided by system integrator Fluence. The fast-acting BESS will help provide grid stability and integrate more renewable resources on Ireland's electricity system, ESB said on Friday, 15 July.
