Aggreko: Offshore Wind Growth Hindered by Power Challenges

Of the 855 offshore wind professionals across Europe surveyed by Aggreko for the study, 39%

identified the lack of temporary power solutions as the primary barrier to growth. Aggreko's Race to Renewables study highlights barriers in offshore wind

Aggreko: Are CEOs Balancing Sustainability & Profitability?

As previously stated, Aggreko's research indicates a significant shift towards decentralised energy solutions, with 54% of businesses planning to expand their existing systems. This trend appears driven by concerns over grid stability and a desire to establish some energy sovereignty, shielding businesses from unpredictable externalities.

Energising Change | Accelerating Transition , Aggreko

We are committed to supporting the transition to Net Zero, helping safeguard our planet for future generations. To do so, we are innovating cleaner energy solutions that enable our customers to make the switch to more sustainable solutions . At the same time, we are working hard to reduce emissions from our facilities and operations.
2023

Aggreko Ltd
