Guatemala lithium battery storage box

Lithium Ion Battery Box

Our Storage Box system is a simple, weather-resistant, safe and flexible solution for storing lithium-ion batteries for all industrial sectors. This works to remove the need for expensive fire protection or segregation on site, as each product is contained and protected.

Lithium-ion Battery Storage

Ensure your Lithium-ion batteries are stored securely with our range of EN 14470-1 approved Lithium-ion Battery Cabinets and LithiumVault solutions. Explore the range now. Find out more information on the storage, handling and use of batteries.

Application scenarios of energy storage battery products

Lithium-Ion Battery Storage Cabinet: Maximum Safety & Durabi

The Lithium-Ion Battery Storage Cabinet has been designed to provide maximum safety and security for your lithium-ion batteries. Crafted from robust cold-pressed sheet steel and coated with anti-acid epoxy powder, this cabinet is designed for ultimate durability and protection.

Lithium-ion battery storage , RETRON // RETRON

Ensure safe storage of your lithium-ion batteries with our specially designed RETRON containers. These protect your batteries from damage and minimize the risk of fire during charging, storage

and transport. The different sizes of containers made of hot-dip galvanized steel offer the right solution for every battery size.

Battery system fire protection box , CEMO

Our certified battery system fire protection box is the robust and reliable tool for securing damaged, defective or quarantined batteries on public roads and within buildings. Eliminate possible risks when separating, transporting and storing lithium batteries and create optimum, and absolutely safe, working conditions for both people and machines.
