Solar PV Installation , Island Electric Services

Solar panels can help lower your electricity bills and they only require daylight to work, even if the sun is not shining you are still getting free electric! Here at Island Electric Ltd, we can help consult and advise on what would be best for your ...

Solar Photovoltaics

More commonly known as Solar PV, these panels are designed to produce clean, renewable electricity from the sun to power your home. It's also possible to sell the electricity your system generates to Guernsey Electricity to supply the island with even more renewable electricity.

Domestic Solar PV

It's not just in sunny weather that Solar PV works for you, in all conditions our SunPower panels are designed to work. Contact us today, to discuss how we can help you build your own electricity producing solution, include Off-Grid, Solar PV and

Battery Storage.

Low Power Home

From a few panels to four panels or more and typically 6 to 10 panels, you can maximise your generation by maximising your roof spaces. By design, we take care of the movement of the sun over the day and any shading that may occur.

Rubis Eco , Solar

We offer a range of affordable solar PV solutions that are easy to install and maintain. Our solar power systems are designed to integrate seamlessly into your home, and we offer a variety of panel options to suit your aesthetic preferences.
