

Guyana younicos ag

Overview

Younicos was a German-American technology company that developed and sold energy storage systems and control software. The company integrated battery technologies, power electronics and control software to create systems that respond to the energy management requirements of power networks of all.

The company was founded in Berlin, Germany, in 2005 under the name Solon Laboratories by executives of German manufacturer Solon. In 2009, Solon Laboratories merged with I-Sol Ventures GmbH and the company.

Y.Cube Y.Cube is a ready-to-install storage system with all components inside a single enclosure. This off the-shelf solution comprises batteries, inverter, HVAC and auxiliary components, tested and pre-assembled by Younicos.

In April 2014, Younicos acquired the assets of the former Xtreme Power, a -based battery systems developer, after it had filed for Chapter 11 bankruptcy protection in January of that year. Xtreme Power was founded in 2004 in Austin, Texas. In 2009, it.

Centrica (UK) Younicos has been selected by Centrica to design and deliver one of the world's largest battery-based energy storage systems. To be completed by winter 2018, the 49 megawatt (MW) lithium-ion system will respond to.

Guyana yunicos ag

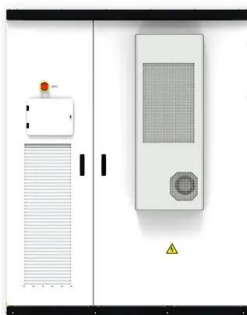

Yunicos AG

Our vision is a 100 percent renewable energy supply, allowing us to leave limited fossil resources where nature put them millions of years ago. This is not the only viable path to limit climate change and make our environment more livable. It also provides new opportunities: In the long-run renewable energy is more cost-effective than conventional energy supply and also avoids ...

Yunicos

Yunicos was a German-American technology company that developed and sold energy storage systems and control software. [1] The company integrated battery technologies, [2] power electronics and control software to create systems that respond to the energy management requirements of power networks of all sizes, including micro-grids.

Yunicos AG timeline by IDTechEx

Aggreko acquired Yunicos in July 2017 to diversify its business into stationary energy storage. Yunicos originally provided stationary energy storage systems with a focus on front-of-meter grid-level solutions. Since October 2018 Yunicos has been fully integrated into Aggreko's brand.

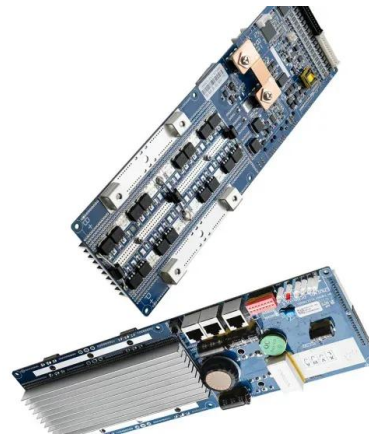

Yunicos: Energy storage from a pioneer's perspective

What are Yunicos' latest projects? We recently commissioned a ground-breaking multi-purpose C& I, solar-plus-storage microgrid in Denver - and we will soon be announcing completion of a number of other C& I projects. We're also in the process of completing a 49 MW installation for Centrica, which will put us over 200 MW of storage deployed.

Aggreko übernimmt Younicos für 46 Millionen Euro

Die Aggreko plc mit Hauptsitz in Glasgow übernehme für umgerechnet etwa 46 Millionen Euro in bar die Anteile an Younicos, teilte das Unternehmen am Montag mit. Das schottische Unternehmen könne damit seine Kunden effizienter, sauberer und günstiger mit Energie versorgen.

Microgrid and Storage Solutions
