Against great odds: Solar power in the Antarctic

The Antarctic is one of the most inhospitable places in the world. Spanning 14,000 square kilometers and with extreme climatic conditions including temperatures as low as $-89.2\text{ }^{\circ}\text{C}$ and winds more than 200 km/h, the ...

Against great odds: Solar power in the Antarctic , AltEnergyMag

The Antarctic is one of the most inhospitable places in the world. Spanning 14,000 square kilometers and with extreme climatic conditions including temperatures as low as $-89.2\text{ }^{\circ}\text{C}$ and

winds more than 200 km/h, the challenge was to develop, install and test the performance of PV technology in such a fragile environment.

Solar Energy Usage On a Global Scale

Solar is free once you've installed the panels and offers a return on investment (ROI) that is higher than most other investments. On a more local scale, Heliogold Solar is ready to help homeowners convert their power ...

Heliogold Solar Reviews

Helio Gold Solar did a fantastic job helping me with my SunPower solar installation. They have great client service, helped me strategize on capacity, location of panels (having to take into account an upcoming renovation), consider break-even points and the best size for me.

HELIOGOLD SOLAR

Heliogold is a Licensed, Bonded, and Insured General Contracting company offering the absolute best solar possible: The Sunpower Equinox System. We differentiate ourselves from all the solar competition by offering factory direct installations.
