The regular servicing and routine checkup of a generator is important regardless of the number of hours it runs. To ensure the generator gives you the longest possible service and to minimise any future problems it is recommended you service your generator once a year if a backup machine or sooner if it is being used more regularly.

HOLLANDIA POWER INC.

hollandia power inc. Company Description As the increasing worldwide demand for renewable energy and the historical reliance on traditional fuel is being challenged by increasing environmental awareness, the focus has turned to recycle and cost effective power system.

Chad to receive US \$29M to boost energy

The African Development Bank Group (AfDB) has approved funding of US \$29M for building solar power plants in Gassi and Lamadji, Chad, as part of its Desert to Power initiative, aiming to expand energy access across Africa. Part of the ...

FAQ

To accurately size a system to meet your needs, we need to know how much energy you use per day. If your home is connected to the utility grid, simply look at your monthly electric bill. Using this information, your authorized Hollandia Power Dealers can design a system to meet you needs.
