

# Home solar project New Caledonia

## Home solar project New Caledonia

---

### Largest solar facility in New Caledonia

AFD is cofinancing the largest solar power plant in New Caledonia to allow cleaner energy to be generated. 43,000 photovoltaic panels will be installed, with a capacity to produce electricity for the equivalent of 5,400 households.

### Engineering and constructor of photovoltaic solutions in New Caledonia

Since 2007, AMBI Energy SAS has designed, built and maintained photovoltaic solutions in New Caledonia and the Pacific. Our proven experience and know-how allow us to propose you efficient and reliable technologies, designed to last over time.

- High energy density and long cycle life
  - Modular structure
- No need to replace the battery  
Shorter charging time  
Meets 99% EV car

### Renewable energy projects in New Caledonia

We are at your side to create, build and maintain solar solutions in New Caledonia and the Pacific. Our proven experience and know-how allow us to offer you high-performance and reliable technologies, designed to last over time. Your project, our commitment: AMBI Energy supports you towards safe and reliable renewable energy.

### New Caledonia, Karikaté

Eco Green Energy is glad to bring good news about the completed solar project in New

Caledonia. Our distributor, Elektrik Solar Energie, used EGE brand 330w PV modules for industrial purposes. Now, the photovoltaic project of 138Kw is located in a charming city Karikaté

## Total Opens New Caledonia's Largest Solar Power Plant With ...

Total Quadran now manages 7 solar power plants in New Caledonia with a cumulative capacity of 50MW. This latest New Caledonia solar project is the second Boulouparis project, joining a 11 MW project commissioned in 2017.

## Kwita Wije

Kwita Wije is a solar plant developed by Akuo that is located in Bouloupari commune in the South Province of New Caledonia. The plant has three components: a ground-based solar energy production component (6MWc), a 3 MW / 3 MWh storage component and an agricultural component with an agrivoltaic greenhouse enabling vegetables to be grown, thus

## Focola

Focola is a solar plant located at La Foa, in the South Province of New Caledonia. The first agrivoltaic plant commissioned in New Caledonia, it comprises 16 photovoltaic greenhouses with a total capacity of 1.7 MW.

## AkuoCoop launches a fundraising campaign for the Kwita Wije solar

Kwita Wije is Akuo's third solar project in New Caledonia following the Focola Agrinerjie® plant, inaugurated in February 2020, and Ouaco Agrinerjie® plant, which injected its first electrons into the network in October 2020.

## New Caledonia (1)

Eco Green Energy has provided the New Caledonian market with high-quality solar panels and support their desire to transform from fossil fuels to renewables. We are excited to share the latest solar project completed for the Medcity medical center by our trustful distributor, Socometra ENGIE Solutions.
