Power 1000 + 100w Solar Panel

Set up a self-reliant solar generator system with ease by pairing the 1000W portable power station with Duracell's foldable 100W solar panel that recharges your Power 1000 in 10-11 hours.

In 1999, our main business was solar power generation, and we set up our own factory for production. In 2003, we were the largest solar product supplier in Hong Kong with customers in 36 countries. In 2013, we were transformed into a leading provider of integrated solar wind solutions.

Top Solar Generator Suppliers in Hong Kong

A solar generator is a portable generator that usually works along with solar panels. It typically acts as an automatic backup battery to power your home and your household appliances and/or

electronic devices when you run out of electricity due to power outages.
