We offer multiple brands of solar panels, including: Trinasolar, LG, Panasonic, Longi, etc., with a maximum output of up to 600W. Make your limited space double up 2.

Top 10 Solar Panels Brands in Hong Kong

By understanding solar panel technology, factors to consider when choosing panels, and the complete solar system components, you're well-equipped to make informed decisions for your solar project. Researching reputable brands, government incentives, and consulting with experienced solar installers ensures a smooth transition to clean energy

Solar Panel Company Hong Kong , SolarFuture HK

Registered Electrical Contractor (REC), specialising in the deployment of Solar Photovoltaic (PV) systems in Hong Kong. Solar Future Hong Kong have completed over 130 projects over the last 4 years of operation ranging from Residential to large Industrial and Commercial Projects throughout Hong Kong.

Solar System Installers in Hong Kong

Hong Kong solar panel installers - showing companies in Hong Kong that undertake solar panel installation, including rooftop and standalone solar systems. 50 installers based in Hong Kong are listed below.

Product Model
HJ-ESS-215A(100KW/215KWh)
HJ-ESS-115A(50KW 115KWh)

Dimensions
1600*1280*2200mm
1600*1200*2000mm

Rated Battery Capacity
215KWH/115KWH

Battery Cooling Method
Air Cooled/Liquid Cooled

ENERGY STORAGE SYSTEM

GovHK: Installation of Renewable Energy Systems

This article provides general information on installing solar photovoltaic (PV) system at your premises, connecting it to the grid and receiving FiT payment. What are the major hardware components of a solar PV system? Solar PV panels and inverter are the two major components of a solar PV system.
