

# Industrial storage cabinets French Southern Territories

## Overview

---

A versatile selection of accessories enables combining cabinets and shelves into many different, comprehensive storage solutions. A shelving cabinet can easily be changed into a bin cabinet or a multi-drawer cabinet, and lockable drawers and cabinets provide secure storage. Drawer units can easily be fitted with suitable.

The Treston industrial shelving system is based on standard parts, extension parts, doors, perforated panels, and other extra supplies, which can be added and combined to create.

In a lockable cabinet, valuable tools, devices, and small items can be kept in their designated places, protected from dirt and dust. The locking systems to choose from include a traditional lock with a key and wire pull, or a locking.

A three-level locking system or an electronic code lock is available for some cabinet models. The three-level locking system can be implemented in two ways, depending on the security needs.
