meet their needs and expectations. · ??????: ...

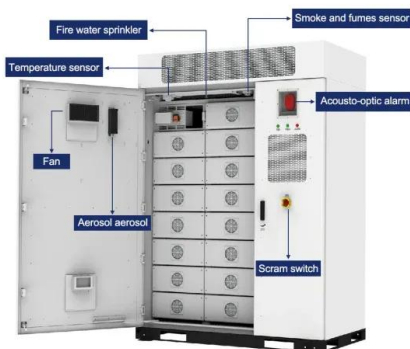

Ireland is perfectly positioned to tap into the cleantech revolution

3 · Particularly in the field of green power, Ireland has potential as 'an ideal living lab for testing and piloting new solutions, which can then be scaled across mainland Europe'

iPower Ireland

By utilising Cummins engines in our bespoke power units and generators, we deliver flagship products that empower businesses across diverse industries. Our expertise and dedication ensure that each unit operates at peak performance, providing reliable power solutions for even the most demanding applications.

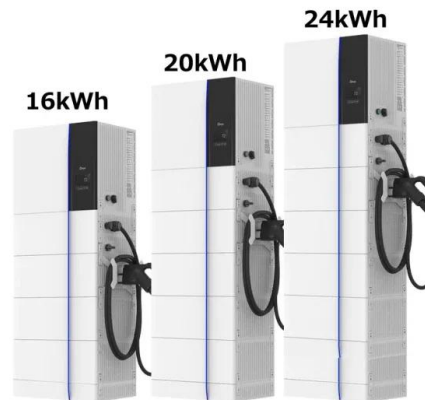

SERVICES

iPower manufacture a range of change-over solutions from simple manual transfer switches, to complex automatic transfer switches with single or dual line full load bypass arrangements. We understand the requirements of BS 8519 and BS EN 60947-6, so you can be assured that our ATS units meet the most stringent building specifications for life
