Top Solar Generator Suppliers in Marshall Islands

Solar Generators If you plan to get your first solar panel system and searching for the best solar equipment supplier, you might also stumble upon the term solar generators. By any chance, if ...

MEC pushes stalled projects

The solar-to-grid program will place solar panels over the airport reservoirs, on top of government buildings including schools, and on roof structures to be constructed over sports facilities in the downtown area -- all connected to the MEC

electricity grid.

National Energy Office

Over 23 Atolls in the Marshall Island have been relying on Solar Home System for over ten years now, the home system has allowed users to enjoy lighting system, power to the computer, washing machine, laptops, radio, and other electrical accessories which somehow has provided comfort to living in outer island.

Solar Projects

We have been providing solar power systems to schools, hospitals, community halls, churches and homes all over the Marshall Islands. On many of these islands there is no central power grid, and therefore small-scale locally generated power systems greatly benefit the local population by minimizing the use of expensive imported fuel.

Marshall Islands Solar & Battery Storage Distributor

EcoDirect designs and supplies solar + battery projects to the Marshall Islands. Our team has the tools and experience to get your next project designed and delivered. Request a Quote!
