### Ecobatt Energy Investment International Co., LTD

Since its founding in 2019, EcoBatt Energy Cambodia has been dedicated to environmental protection through the management of used batteries, cell battery wastes, and other E-wastes. Utilizing a unique, non-invasive, and completely electronic regeneration process, EcoBatt Energy Cambodia provides quality industrial lead-acid batteries with

### Pilot project for a 30/60 MWh battery storage facility, Jordan

In response to this, Fichtner in collaboration with the Jordanian Ministry of Energy and the transmission system operator, NEPCO, has analyzed the potential for battery energy storage ...

### Jordan's green-energy vision requires refinement

Jordan is the second most water-scarce country in the world; and it has halted renewable-energy projects bigger than one megawatt since 2019 owing to concerns about electrical-grid capacity.

### Our Business

Ecobat Battery manages the procurement, sale, and distribution of energy storage solutions. We supply batteries for a wide range of uses, including commercial, automotive, marine and leisure, mobility assistance, and UPS.

**Power Conversion System**

- Single-stage three-level modularization
- Multi-branch input to reduce battery series and parallels connection

### The Ecobat Group

We are the only European provider of collection, discharge and diagnostics, dismantling and crushing/sorting capabilities to derive black mass. We also support research and partner with universities, trade organisations, and ...

## Jordan: Energy Country Profile

Jordan: Many of us want an overview of how much energy our country consumes, where it comes from, and if we're making progress on decarbonizing our energy mix. This page provides the data for your chosen country across all of the key ...

## Ecobat Battery

From OE vehicle batteries to renewable energy sources, we offer the latest stored energy innovations from the world's most respected battery brands. Plus, our technology produces cost-effective, sustainable solutions to reduce costs and our impact on the planet.

## The Ecobat Group

We are the only European provider of collection, discharge and diagnostics, dismantling and crushing/sorting capabilities to derive black mass. We also support research and partner with universities, trade organisations, and government entities to develop safer, more efficient energy storage solutions.

## Ecobat Battery

From OE vehicle batteries to renewable energy sources, we offer the latest stored energy innovations from the world's most respected battery brands. Plus, our technology produces cost-effective, sustainable solutions to reduce costs and ...

### 12.8V 100Ah

## Importer and Direct Distributor of Photovoltaic Equipment , Ecobat Energy

Built for performance and durability, the swing battery container optimizes the efficiency of renewable energy systems, ensuring uniform charging of each battery. With state-of-the-art technology and robust design, these devices allow you to effectively manage and monitor energy flows, helping to reduce costs and increase system life.

## Jordan targets over 50% green electricity by 2030

Jordan aims to expand the share of electricity from renewables to more than 50% by 2030 in line with the country's strategy to strengthen the utilisation of local energy sources, the minister of energy and mineral resources, Saleh Kharabsheh, told Jordan news agency Petra on Tuesday.

TAX FREE

### ENERGY STORAGE SYSTEM

**Product Model**  
HJ-ESS-215A(100KW/215KWh)  
HJ-ESS-115A(50KW 115KWh)

**Dimensions**  
1600\*1280\*2200mm  
1600\*1200\*2000mm

**Rated Battery Capacity**  
215KWH/115KWH

**Battery Cooling Method**  
Air Cooled/Liquid Cooled
