

# Large commercial solar container company

## Overview

---

We distribute for, or carry, almost every module manufacturer under the sun. If you're looking for JA Solar, Mission, Astronergy, Trina, Qcells, SEG, Adani - give us a ring. All of our modules are tariff free, imported, and ready to ship. We can also order directly from factories. Combine solar and storage to lower peak demand charges and control long-term energy costs. Unlock additional income streams through Battery Energy Storage (BESS) and EV charging services. Coming in 2026: IPPsolar is rapidly building a robust network of fast chargers across the New York and New Jersey. LZY offers large, compact, transportable, and rapidly deployable solar storage containers for reliable energy anywhere. LZY mobile solar systems integrate foldable, high-efficiency panels into standard shipping containers to generate electricity through rapid deployment generating 20-200 kWp solar. We are a leading, nationwide developer and EPC provider of turnkey solar and energy storage projects serving, commercial, industrial and utility-scale markets. Our installations include commercial solar rooftops, solar carports & canopies, ground-mount systems, energy storage, microgrids. GreenSpark can help you determine the best commercial solar solution for your organization. Owning your solar array, whether rooftop, or ground-mounted, provides the strongest financial benefits to your organization. With solar-specific financing and lease-to-own options, GreenSpark Solar makes the. We distribute for, or carry, almost every module manufacturer under the sun. If you're looking for JA Solar, Mission, Astronergy, Trina, Qcells, SEG, Adani - give us a ring. All of our modules are tariff free, imported, and ready to ship. We can also order directly from factories. We help EPC's. The solar container market is projected to reach USD 0.83 billion by 2030 from an estimated USD 0.29 billion in 2025, registering a CAGR of 23.8% during the forecast period. The market is witnessing rapid adoption due to increasing demand for decentralized and portable renewable energy solutions.
