### Tozero Sparks Battery Recycling Revolution with \$11.7M Seed ...

Tozero, a visionary Munich-based firm, has brought up \$11.7 million in seed capital to expand its creative battery recycling solutions as the demand for lithium rises internationally. With this substantial investment, Tozero will be able to construct its first large-scale facility, increasing its ability to recover vital components from lithium

### Press Release: Plant Opening , tozero

With industrial scale equipment, tozero is already producing the white gold, lithium, and handling

end-of-life batteries from OEMs. tozero's proprietary hydrometallurgical recycling technology enables sustainable recovery of all critical materials such as lithium, graphite, nickel, cobalt and manganese.

### tozero

tozero is a Munich-based startup co-founded by Sarah Fleischer and Dr. Ksenija Milicevic Neumann. The company's target is to establish Europe's leading lithium-ion battery recycling plant, focused on recovering critical materials such as lithium and graphite in a sustainable way.

### Tozero Secures EUR11M to Scale Lithium-Ion Battery Recycling in ...

Tozero, a European startup specializing in lithium-ion battery recycling, has secured EUR11 million in an oversubscribed seed funding round led by NordicNinja. The ...

### Tozero

As the world turns to renewable energy to revolutionize the energy sector, tozero stands at the forefront, recognizing that recycling is a keystone in the face of resource scarcity. In a future electrified by mobility solutions and home solar panels, the demand for batteries is soaring.

## Tozero Secures EUR11M to Scale Lithium-Ion Battery Recycling in ...

Tozero, a European startup specializing in lithium-ion battery recycling, has secured EUR11 million in an oversubscribed seed funding round led by NordicNinja. The investment will support the construction of the company's first industrial deployment plant, expansion of its team, and scaling of commercial production of recycled lithium.

### Tozero
