### **Bay State Wind Offshore - Battery Energy Storage System, US**

The market for battery energy storage is estimated to grow to \$10.84bn in 2026. The fall in battery technology prices and the increasing need for grid stability are just two reasons GlobalData have predicted for this growth, with the integration of renewable power holding significant sway over the power market.

### **Orsted and Newlab Launch Future Energy Storage Studio to ...**

Ørsted and Newlab's program will prioritize a broad spectrum of energy storage capabilities, including power-to-power technologies, long duration thermal storage to decarbonize industrial heat, and safe alternative chemistry

batteries without lithium-ion.

### Orsted divests 50% stake in three US onshore projects for \$572 mln

3 · COPENHAGEN, Dec 18 (Reuters) - Denmark's Orsted, opens new tab said on Wednesday it would divest a 50% equity stake in three U.S. onshore projects to Energy Capital Partners for \$572 million.
