Meico

MEICO Energy has started a new business by providing ESCO services and Solar+Hybrid solutions to Telecom Sector. Energy service companies (ESCOs) develop, design, build, and arrange financing for projects that save energy, reduce energy costs, and decrease operations and maintenance costs at their customers' facilities.

Meico Energy

At MEICO, powering human progress has been the purpose of our existence, and the drive of our advancement in providing the most reliable,

safe and economical power generation solutions to any endeavor that promises a better tomorrow.

meco AG to expand Guinean activities - pv magazine International

On Monday, January 27, Dieter Trutschler (meco AG, member of the Board of Directors), Juan Carlos Sepulcre (CEO Guineval) and Norberto Echuaca (GExpress) signed a commercial agreement about the
