

Mexico pradhan mantri solar yojana

Mexico pradhan mantri solar yojana

The Mexican Climate Initiative Solar Bond Program

The Solar Bond program aims to empower citizens and transform them from passive consumers of electricity to clean electricity generators, as well as draw back the 11 million households currently in energy poverty indexes. Mexico has historically turned to fossil fuels subsidies to reduce energy cost, and finance household electrification.

Solar Energy Programme in Mexico

The liberalisation of the energy market and recent tenders for clean energy have created a new dynamic for the expansion of solar energy in Mexico. The expected increase in variable renewable energies on the electricity market also presents new challenges for system integration and the expansion of energy infrastructure.

PRADHAN MANTRI SURYODAYA YOJANA

The Pradhan Mantri Suryodaya Yojana, launched by the Prime Minister, aims to install solar power systems on the rooftops of residential buildings, with a specific target of covering 1 crore (10 million) houses across India.
