### New microgrids in Haiti to install demand response inverters from

The lithium-ion energy storage system is crafted by Home Control and Saft batteries under the leadership of Geninov and contains Princeton Power Systems' DRI-100 ...

### Microgrid Wisdom After the Wind , HOMER Microgrid ...

When Hurricane Matthew made landfall on the coast of Haiti in October of 2016, the eye of the storm passed directly over the town of Les Anglais, explains Adam Eberwein, Director of Microgrid Operations for EarthSpark International. The ...

### New microgrids in Haiti to install demand response inverters ...

The lithium-ion energy storage system is crafted by Home Control and Saft batteries under the leadership of Geninov and contains Princeton Power Systems' DRI-100 (100 kW) demand

response inverter to provide lighting in the park.

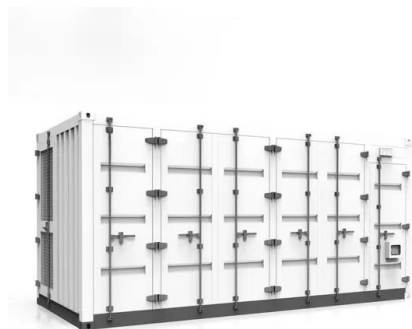

### Expanding Rural Electricity Access in Haiti - USTDA

Tiburon is now one of a small handful of communities in Haiti with reliable 24-hour electricity. And EarthSpark now has plans to dramatically scale up its microgrids in Haiti to 24

...

### First Microgrid in Haiti: The Road to Feminist Electrification

After developing the first microgrid in Haiti, Earthspark is now working on 80 more -- and encouraging the rise of feminist electrification along the way.

### EarthSpark: leading microgrid development in Haiti

In partnership with the Government of Haiti, local officials, and the UN Environmental Program, we have launched an exemplary micro-grid in the town of Les Anglais, Haiti, that provides affordable, reliable, and environmentally sensitive electricity service through EKo Pwòp - EarthSpark's micro-utility enterprise.

## Expanding Rural Electricity Access in Haiti - USTDA

Tiburon is now one of a small handful of communities in Haiti with reliable 24-hour electricity. And EarthSpark now has plans to dramatically scale up its microgrids in Haiti to 24 smart, solar-powered grids in the next four years, to be financed in part by a \$9.9 million commitment from the Green Climate Fund.

## Les Anglais Community Microgrid

First prepay microgrid in Haiti Earthspark uses their own communication system and smartmeters, or 'Sparkmeters'. Sparkmeter has spun into a separate company, providing smart meters for community microgrids in developing countries.

## SIGORA MICROUTILITY

In less than one year Sigora developed, engineered, financed, and built its first microgrid in the town of Mole-St-Nicolas. Today, the grid counts ~4,000 accounts and provides 20,000 people with 24/7 electricity, a rarity in the Western Hemisphere's most impoverished nation.

### Microgrid signals hope

Rolls-Royce employees have remote access to the microgrid at all times and are able to support the Haitians via remote maintenance links, giving their Haitian customers on-site advice and guidance when, say, a battery rack has to be replaced or, as was recently the case, needs to be re-activated.
