Modern energy llc Sudan

Renewable Energy in Sudan

Through improved technology and investment, renewable energy in Sudan is improving people's lives and lifting many out of poverty. UNICEF highlighted how in 2023, funding built a solar-powered mini water yard for a small, remote village Gelhanty in eastern Sudan giving communities a safe water source.

Home page

Modern Energy Management (MEM) is a renewable energy development services provider, delivering project lifecycle certainty to renewable energy investors with focus in rapidly expanding emerging markets. Its expertise is in creating "investment grade" projects through technical and commercial de-risking coupled with financial optimization.
