## Market design - Moldova energy profile - Analysis

Moldova's total storage capacity for petroleum products is over 150 000 m<sup>3</sup>, including state and industry storage but excluding the army's. In addition, the Giurgiulesti terminal has eight tanks for petroleum product storage with capacity of 63 600 m<sup>3</sup> at its disposal.

## Moldova Energy Storage Power Station Progress

Battery energy storage systems: the technology of tomorrow. The market for battery energy storage systems (BESS) is rapidly expanding, and it is estimated to grow to \$14.8bn by 2027. In 2023, the total installed capacity of BES stood at 45.4GW ...

## Moldova

Moldova's energy sector relies heavily on imports of electricity and gas. The country produces only about 20 percent of its annual electricity consumption from natural gas-fired combined heat and electricity power plants. Moldova has one hydropower plant, the Costesti Hydropower Plant.
