Monaco volterra energy

About Us

Volterra Technology is a Canadian clean energy company that prioritizes innovation, infrastructure development, and commercialization to support North America in achieving its Net Zero goals. We achieve this by forging strategic alliances and global partnerships to seamlessly integrate proven technologies into the market.

Metlen acquires Volterra

Metlen Energy & Metals announced the conclusion of the agreement to acquire all the shares of electricity producer, trader and supplier Volterra on July 25. A merger process will follow, with the absorption of Volterra by the parent Metlen Energy & Metals, which operates in the electricity retail market through the Protergia brand.

volterra

Volterra energy group is a renewable energy development and investment management group focusing in solar, wind, small hydro, energy storages, and waste-to-energy technologies. Volterra development pipeline total installed capacity exceeds 300 MW. Volterra energy group provides services to reputable multinational investors on their activity in
