

Montenegro kit solaire off grid

Montenegro kit solaire off grid

Kit solaire off-grid Victron pour sites isolés

Autonomie Énergétique : Conçus pour opérer sans recours au réseau public EDF, ces kits solaires off-grid garantissent une véritable autonomie énergétique, se révélant parfaits pour les sites isolés nécessitant une alimentation électrique fiable tout au long de l'année. Ils peuvent fonctionner avec un groupe électrogène.

CORE Solar Kits

Whether you're new to solar or an off-grid pro, our CORE Kits make it simple to get started. Featuring dependable battery storage ranging from 1kWh to 5kWh, pure sine wave inverters, and solar panels carefully matched to each kit's battery capacity, our CORE Solar Kits are all about efficiency and reliability for compact spaces.

Off-Grid Photovoltaic Modules

Our range includes modules with power ratings from 10 to 430 Watts, lighting and mobile phone charging kits, pump systems and kits for mountain huts and DIY, boating and motorhomes. In addition, an Off-grid product line specifically designed for rural electrification programmes in poorer countries and emerging markets has been very successful.
