Montserrat northvolt drei

Northvolt Drei

Great relief and joy for all involved: on 8 January 2024, the EU Commission approved the state aid for the planned "Northvolt Drei" battery gigafactory near Heide. Energieküste welcomes the EU's decision to "support measures in areas that are crucial for accelerating the green transition and reducing fuel dependency".

Northvolt Announces Third Battery Gigafactory: Northvolt Drei

Northvolt announced a plan for its third battery gigafactory - Northvolt Drei, which will be established in Heide, Schleswig-Holstein in northern Germany.

Northvolt Drei

A key goal of Northvolt Drei is to deliver high-performance lithium-ion batteries manufactured with the smallest environmental footprint in continental Europe. If the project is implemented, it will ...

Baubeginn bei Northvolt

Jetzt geht es los! Am 25. März 2024 fand der offizielle Baubeginn der neuen Batterie-Gigafactory Northvolt Drei in Heide im Kreis Dithmarschen statt. Ein Anlass historischen Ausmaßes für die Nachhaltigkeit in Schleswig-

Holstein und ganz Deutschland.

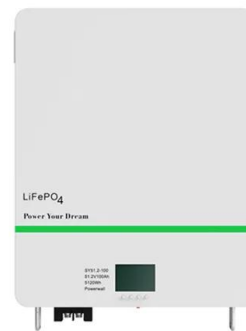

Northvolt to build third gigafactory in northern Germany

Northvolt signs Memorandum of Understanding with the north German state of Schleswig-Holstein and the region of Heide for the development of a 60 GWh lithium-ion battery manufacturing plant. The gigafactory, Northvolt Drei, is to employ 3,000 persons and produce its first batteries in late 2025

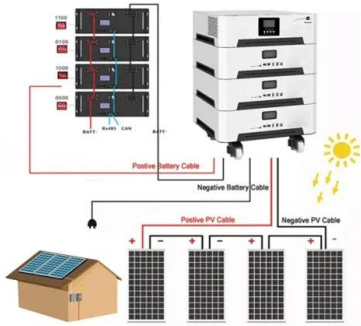

Digital Twins in Focus When Northvolt Builds Its Third Automotive

With the announcement that Northvolt will construct the new giga factory Northvolt Drei, the intention is that by the end of 2025, when the factory is completed, another 60 GWh can be added to what they previously produced. With the new site, Northvolt's pipeline of battery production capacity under development increases to over 170 GWh.

Building Northvolt Drei: Meet the people behind the project

We're on a multi-billion Euro project at Northvolt Drei, and it's incredibly rewarding. While it's complex, we have an optimized master plan neatly divided into manageable stages. But here's the thing that sets us apart - our team is something else.
