

Nepal skysource battery

Nepal skysource battery

SKYSOURCE NANJING POWERTRAIN TECHNOLOGY CO., LTD.

Chuangyuan power is mainly engaged in the R & D and production of core auto parts and systems such as rechargeable power battery pack and battery management system, automobile harness, high-voltage distribution box, motor, motor controller, vehicle controller, charging pile, etc.

Product Model
HJ-ESS-215A(100KW/215KWH)
HJ-ESS-115A(50KW 115KWH)

Dimensions
1600*1280*2200mm
1600*1200*2000mm

Rated Battery Capacity
215KWH/115KWH

Battery Cooling Method
Air Cooled/Liquid Cooled

Choose Skysource's passenger vehicle battery solutions for a safe, efficient, and economical electrification experience. Skysource batteries utilize advanced cell materials and structural ...

Nanjing Skysource power Technology Co., LTD

Skysource Power is dedicated to creating efficient and safe energy storage solutions through innovative technology. Our battery

systems offer ultra-long lifespan, exceptional energy efficiency, intelligent operation and maintenance, and comprehensive safety features, bringing new cost-saving and efficiency-enhancing advancements to the

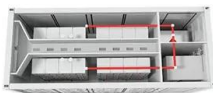

Passenger car solutions

Choose Skysource's passenger vehicle battery solutions for a safe, efficient, and economical electrification experience. Skysource batteries utilize advanced cell materials and structural designs, fully tested according to the GB/T 38031 standard to ensure thermal runaway protection.

Company Overview

Through 16949:2016 certification, it has obtained the qualification of power battery system design and production stipulated by the system. At present, the annual production capacity of Chuangyuan Gaochun base has reached 4gwh.

About us

Keeping pace with market demands, Skysource Power integrates three core technologies: energy storage batteries, BMS (Battery Management System), and inverter-conversion systems, offering complete energy storage solutions that include portable, household, commercial, and large containerized energy storage systems.

Stromberg electric buses

The combination of Skysource battery + in-house BMS, heat pump and pre-conditioning of the vehicle make sure the range will be sufficient even in harsh winter conditions. Stromberg's ...
