

New Caledonia largest bess companies

51.2V 300AH

New Caledonia largest bess companies

- Voltage range: 691.2-947.2V
- >6000 cycles (100% DOD)
- Rated battery capacity: 216KWh (customizable)
- EMS communication: 4G/CAN/RS485

Key figures

New Caledonia is the third biggest island in the insular Pacific and houses tens of thousands of hectares of exploitable land, only 13% of which are used. Moreover, the island benefits from excellent health security which, coupled with a varied climate makes it ideal for the production of fruit and vegetables as well as for cattle breeding.

New Caledonia Business

The scheme for the energy transition of New Caledonia (STENC) adopted in 2016 targets ambitious objectives, with in particular 100% of the public distribution of electricity from renewable energies by 2025, this will actually be achieved in 2023.
