New Zealand mppt solar

Tri Star MPPT Solar Regulator

Morningstar's TriStar MPPT solar controller with TrakStar Technology(TM) is an advanced maximum power point tracking (MPPT) battery charger for off-grid photovoltaic (PV) systems up to 3kW. The controller provides the industry's highest peak efficiency of 99% and significantly less power loss compared to other MPPT controllers.

Mustpower PV18 5.5KW SOLAR Inverter Charger 80A ...

The PV18 combines the functions of Inverter, AC Charger, Solar Charger and UPS into one extremely efficient unit. Unmatched no load power consumption of 2 watts! Combine both the Solar Charger and AC charger to charge your ...

Victron SmartSolar MPPT Controller (with Bluetooth) - LUX Solar

These highly efficient ultra-fast Maximum Power Point Tracking (MPPT) solar charge controllers have it all: from high efficiency, optimal partial shading performance, programmable battery algorithms, street light functions, and more. Intelligent Load Output Prevents Flat Battery Damage

Mustpower PV18 5.5KW SOLAR Inverter Charger 80A MPPT

The PV18 combines the functions of Inverter, AC

Charger, Solar Charger and UPS into one extremely efficient unit. Unmatched no load power consumption of 2 watts! Combine both the Solar Charger and AC charger to charge your batteries at up to 140A (48v). It is compliant to the new New Zealand standards IEC 62109-1 and 62109-2.

EcoBoost MPPT , Able Solar Ltd

The EcoBoost MPPT(TM) solar charge controller brings Morningstar's proprietary TrakStar Technology(TM) to our new line of Essentials controllers and accessories. The EcoBoost controllers automatically detect 12 or 24 V system configuration.

Fangpusun 50A 12/24V FAST MPPT Controller

The 50A 12/24V FAST MPPT Controller from Fangpusun it uses the latest Continuous Maximum Power Point Tracking (MPPT) technology, which seeks out the maximum power available from a solar array. Voltage stepdown converter to be able to convert high PV voltages down to lower battery voltages of 12 and 24 volts.

Solar Charge Controllers

Victron Energy Blue Solar and Smart Solar MPPT Solar Chargers. Smart Solar models have built in bluetooth for communication with a smartphone using the VictronConnect app. To get this same functionality on a Blue Solar model, please use the VE.direct Bluetooth Smart Dongle

Solar Controllers - LUX Solar

At LUX Solar we have designed our solar controllers to withstand the harsh marine environment. Our MPPT charge controllers range from IP21 to IP67 and use high efficiency three stage chargers to keep your batteries in optimum condition. We also stock German engineered Phocos and Victron solar charge controllers.

SmartSolar MPPT 100/30 & 100/50

These ultra-fast, Maximum Power Point Tracking (MPPT), solar charge controllers are Bluetooth accessible via either built in Bluetooth or the Victron Energy Bluetooth dongle. Utilising the free VictronConnect app many parameters can be viewed and set, such as battery voltage, solar history, load output, flexible battery charge algorithms plus

Solar Charge Regulators/Controllers & Inverters in New Zealand

Find superior quality Solar Charge Regulators, Controllers & Inverters in New Zealand from Morningstar. Enjoy reliable, cost-effective solar solutions for your home & business!

Victron SmartSolar MPPT Controller (with Bluetooth) - ...

These highly efficient ultra-fast Maximum Power Point Tracking (MPPT) solar charge controllers have it all: from high efficiency, optimal partial shading performance, programmable battery algorithms, street light functions, and ...

Solar Charge Controllers

Victron Energy Blue Solar and Smart Solar MPPT Solar Chargers. Smart Solar models have built in bluetooth for communication with a smartphone using the VictronConnect app. To get this same functionality on a Blue Solar model, ...
