for the equivalent of 5,400 households.

12.8V 200Ah

A call for projects to provide green energy to the SLN has been

According to André Boudart, the managing director at the Agence Calédonienne de l'Énergie (ACE), the price of photovoltaic energy has halved in the past 5 years. For the production of the SLN to be fully based on green energies, 1.000 hectares of solar panels would be required, ten times the current area of panels in Caledonia.

Solar PV in Nouméa, New Caledonia

Nouméa, New Caledonia, located at latitude -22.2734912 and longitude 166.4480887, is a suitable location for solar power generation due to its consistent sunlight exposure throughout the year and distinct wet and dry seasons.
