## North Korea hoppecke batteries

---

### Deep Cycle Batteries

HOPPECKE trak , bloc are sealed batteries for cyclical applications. With their compact design, these batteries are ideal for use in cleaning machines, wheelchairs, electric golf trolleys and caravans.

### HOPPECKE

In this world where everything is going electric, HOPPECKE is your partner for sustainable and technology-independent energy solutions. Choose from lead-acid, nickel fibre structure (FNC®) or lithium-ion storage technologies - HOPPECKE offers all relevant storage technologies.

### Industrial batteries

The core element, which is typical for an energy system, is the project and engineering service of HOPPECKE, which makes a system both customer-oriented and of higher quality. Full-Service solutions include the entire product and service portfolio of energy systems (such as remote maintenance contracts and operator models).

### Reserve Power

The HOPPECKE grid , power V L battery is a vented, stationary, lead-acid battery with liquid electrolyte. Its configuration with positive tubular plates and all-round protection of the active

mass by woven polyester gauntlets ensures extremely high resilience.

## HOPPECKE Batteries

Perfect for: electric pallet #trucks & #LLOPs ?  
Features: battery changes made easy with roller bearings ? Assist: Manual gear-assisted device for effortless battery insertion, removal
