ENERGY STORAGE SYSTEM

Product Model
HJ-ESS-215A(100KW/215KWh)
HJ-ESS-115A(50KW 115KWh)

Dimensions
1600*1280*2200mm
1600*1200*2000mm

Rated Battery Capacity
215KWH/115KWH

Battery Cooling Method
Air Cooled/Liquid Cooled

Solar power plants in Serbia, North Macedonia, ...

The total installed capacity of photovoltaic power plants in four Western Balkan countries - Serbia, North Macedonia, Bosnia and Herzegovina and Montenegro - amounted to 175 MW in 2021

Solar Energy in North Macedonia: Opportunities With ...

With its abundant sunlight and favorable climate, the country is well-positioned to harness solar energy through photovoltaics (PV). This article explores the current state of solar energy in North Macedonia, the opportunities for growth, and the challenges that must be addressed to ...

EU-funded solar plant starts operating in North Macedonia

This is the company's first solar plant in North Macedonia, developed with a view to diversifying energy sources and supporting decarbonisation. It is expected to produce nearly 15 GWh of electricity and displace 12,177 tonnes of CO₂ annually. The Oslomej 1 solar photovoltaic power plant is part of a larger effort to clean up the site

North Macedonia improves regulatory framework for rooftop PV

The Macedonian government is targeting to deploy 250 MW of rooftop PV capacity by 2030, according to its National Energy and Climate Plan (NECP). North Macedonia is currently also

EU-funded solar plant starts operating in North ...

This is the company's first solar plant in North Macedonia, developed with a view to diversifying energy sources and supporting decarbonisation. It is expected to produce nearly 15 GWh of electricity and ...
